STATE OF NEW YORK:
JUDGE ADVOCATE GENERAL'S DEPARTMENT,
NEW YORK, *October* 3, 1861.

Facts and opinion in the matter of the appeal of JOHN H. STYLES *from the election of First Lieutenant in Company A, Fourteenth Regiment N. Y. S. M., now enrolled and mustered as a regiment of volunteers in the service of the United States.*

FACTS.

1. The Fourteenth Regiment of New York State Militia was duly organized as a militia regiment under the Statutes of the the State of New York.

2. A regiment bearing this name, and composed mainly of the officers and men of the Fourteenth Regiment N. Y. S. M., is now in the service of the United States, having volunteered for the war, and forms a portion of the brigade commanded by Brigadier General E. D. Keyes, now located at Arlington, in the State of Virginia.

3. John H. Styles, first lieutenant of company A, some time previous to August 3, 1861, resigned his position, transmitting his resignation to the United States authorities, and not to those of the State of New York, and his resignation was accepted by the War Department, August 3, 1861, and notice thereof was sent to His Excellency Governor Morgan.

4. On the 5th day of August, 1861, an election for first lieutenant of company A, was held under the orders of Lieutenant Colonel E. B. Fowler, commanding the regiment, which resulted in the election of J. Wortman Redding as first lieutenant, and of David S. Unchles as second lieutenant, vice Redding promoted.

5. A commission was issued by His Excellency Governor Morgan to J. Wortman Redding as first lieutenant of company A, fourteenth regiment, August 12, 1861.

6. John H. Styles has appealed from this election to Brig. Gen. Crooke, commanding Fifth Brigade N. Y. S. M., on the ground that there was no vacancy, he not having resigned to the New

York State authorities. General Crooke declared the election invalid, and directed him to report himself for duty.

7. General Keys thereupon refers the subject for the decision of His Excellency Governor Morgan, by the following endorsement upon the papers.

"A misunderstanding in regard to what constitutes a vacancy of a commission in a regiment of New York State Militia should, in my opinion, be referred to the decision of His Excellency the Governor of the State of New York.

"E. D. KEYES, *Brigadier General.*"

ARLINGTON, Va., *Sept.* 6, 1861.

OPINION.

The resignation of Lieutenant Styles and the election and appointment of his successor were regular, if the Fourteenth Regiment is to be considered as a regiment of volunteers in the service of the United States.

These proceedings were irregular if the regiment is on the other hand to be deemed a militia regiment in the United States service as militia.

The question presented is therefore of great importance, and concerns several other regiments which are in the same position as the Fourteenth, making it necessary that a definite rule should be laid down by which the present and similar cases which are likely to occur may be governed.

The proclamation of the President of the United States bearing date April 16, 1861, issued in pursuance of the provisions of the act, entitled "an Act to provide for calling forth the militia to execute the laws of the Union, suppress insurrections and repel invasion, and to repeal the act now in force for that purpose," approved February 28, 1795, called for seventy-five thousand of the militia of the several States.

The militia furnished under this proclamation were mustered into the service of the United States for three months in accordance with the provisions of said act, and their term of service having expired, they have long since returned to their homes.

On the third day of May, 1861, a further proclamation was issued by the President, calling into the service of the United States forty-two thousand and thirty-four volunteers to serve for the period of three years unless sooner discharged, the call itself,

and the plan of organization to be submitted to Congress as soon as assembled.

Under this call, the military organization known as the Fourteenth Regiment N. Y. S. M., with certain changes in its officers, and a large augmentation of the number of the rank and file having volunteered its services through its own officers, was mustered into the service of the United States for three years, and proceeded to Washington under the orders of the federal military authorities.

It is evident, from the above statement, that the Fourteenth Regiment did not enter the service of the United States as a militia regiment, although it has been since known and designated as the Fourteenth New York State Militia, in contradistinction to the Fourteenth New York State Volunteers, that it was not called into the service in accordance with the terms of the act of 1795, or the proclamation of April 16, and that it was mustered for a longer period than the militia act of 1795 will warrant.

So far as the State of New York is concerned, the case stands simply thus: That a large number of the officers and men of the Fourteenth regiment of militia have entered the service of the United States as three years volunteers, without any action whatsoever, either on the part of the National or State authorities to bring the regiment into the service as militia.

Under these circumstances, the regiment in accordance with the act of Congress, passed July 22, 1861, entitled "an act to authorize the employment of volunteers to, and in enforcing the laws and protecting public property," became subject to the rules and regulations governing the army of the United States; it never possessed so far as the United States are concerned the distinctive character of a militia regiment under the act of 1795, and came into their service in precisely the same manner as all other volunteer regiments, the title Fourteenth New York State Militia being a descriptive or distinguishing designation like that of "Fire Zouaves."

I entertain no doubt whatever, therefore, that the organization known as the Fourteenth Regiment N. Y. S. M., now in the service of the United States as volunteers, is subject to the acts of Congress, and the rules and regulations for the government of the army of the United States, and to them alone, and that the authorities of the State of New York have no longer any contro

over it whatsoever, except the right which is given to the Governor to fill such vacancies as may occur among its officers.

The resignation of lieutenant Styles, of his position as lieutenant, in the volunteer service of the United States was, in all respects, regular, according to article 5, sections 24 to 29 inclusive of the regulations, and the appointment of Mr. Redding, who received the largest number of company votes as his successor, was in accordance with the act of Congress before referred to, and the orders of the War Department.

That resignation, election and appointment were not, however, in accordance with the statutes of the State of New York, and I am therefore, of opinion that lieutenant Styles has not resigned, nor has lieutenant Redding become entitled to a lieutenant's commission in the militia of the State of New York.

The officers of this regiment hold at present no commissions, except the ordinary militia commission which they had under the State laws; if they had received their commissions as officers of volunteers, as they should do at once, the distinction drawn above would be very apparent and it would be quite easy to see how lieutenant Styles could resign his commission in the United States service and yet hold this commission in the State militia, and how the commission granted to lieutenant Redding would confer upon him a command in the fourteenth regiment as volunteers, but no rank whatever in the New York State militia.

It is particularly important that new commissions as volunteer officers should speedily be issued in the fourteenth, and other similarly situated regiments, because, at present their officers hold their commands upon their recognized position and their right to claim a proper commission, rather than upon the commissions they actually hold, and moreover, as questions of precedence are settled by the date of the commission, it is my opinion that a militia commission would not entitle its holder to such precedence, otherwise, it is evident that some officers holding ancient militia commissions would rank the entire body of volunteer officers of the same grade, which is absurd.

It is, then, the position of first lieutenant of volunteers and the right to receive a commission as such, which lieutenant Styles has lawfully resigned, and which lieutenant Redding has lawfully obtained, and I am of opinion that Brigadier General Crooke has no authority or jurisdiction whatsoever over the officers and

men who are mustered into the service of the United States as volunteers under the name of the fourteenth regiment N. Y. S. M., and cannot lawfully receive resignations of officers from that service, nor order elections for officers in that service.

What remains of the fourteenth regiment of militia within the State of New York is in a somewhat anomalous condition, most of the officers and men are absent from the State in the service of the United States, which will prevent their attendance at drills, reduce their numbers below the minimum standard at inspection, and utterly prevent the performance of the duties assigned to the officers in relation to the ununiformed militia.

If urgent necessity, such as insurrection or invasion should occur, the regimental district might be declared vacant by the proper authority, the officers holding commissions be put upon the super-numerary list and a new regiment of militia formed; but it is deemed desirable that in the absence of these patriotic soldiers, who are now serving in the Federal armies, no action should be taken upon the subject, but that if consistent with the safety of the State, their positions should be retained until their return after the present wicked rebellion shall have been happily quelled.

For the reasons stated in the first part of this opinion I have entered more largely into the discussion of the questions than the present case requires. The practical conclusions arrived at in regard to this appeal are as follows:

1. That the election of J. Wortman Redding as first lieutenant of the fourteenth regiment New York State Militia, is valid and that he is entitled to receive a commission as first lieutenant of volunteers in that regiment, but has no claim, by virtue of his election, to a commission in the New York State Militia.

2. That the resignation of John H. Styles, as first lieutenant, vacates his position as first lieutenant of volunteers, in the fourteenth regiment New York State Militia, to which he was entitled to be commissioned, previous to such resignation, but does not affect his militia commission and that his name should therefore be retained upon the State register.

3. That Brigadier General Crooke has no authority nor jurisdiction over the regiment of volunteers in the United States service, known as the fourteenth regiment of New York State Militia.

4. That for the reasons above stated the appeal in this case should be dismissed.

All of which is respectfully submitted.

WM. HENRY ANTHON,

Judge Advocate General State of New York.

Dated *October 3d*, 1861.

No. 3.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA:

A PROCLAMATION.

Whereas the laws of the United States have been for some time past, and now are opposed, and the execution thereof obstructed, in the States of South Carolina, Georgia, Alabama, Florida, Mississippi, Louisiana, and Texas, by combinations too powerful to be suppressed by the ordinary course of judicial proceedings, or by the powers vested in the marshals by law:

Now, therefore, I, ABRAHAM LINCOLN, President of the United States, in virtue of the power in me vested by the Constitution and the laws, have thought fit to call forth, and hereby do call forth, the militia of the several States of the Union, to the aggregate number of seventy-five thousand, in order to suppress said combinations, and to cause the laws to be duly executed.

The details for this object will be immediately communicated to the State authorities through the War Department.

I appeal to all loyal citizens to favor, facilitate, and aid this effort to maintain the honor, the integrity, and the existence of our National Union, and the perpetuity of popular government: and to redress wrongs already long enough endured.

I deem it proper to say that the first service assigned to the forces hereby called forth will probably be to repossess the forts, places, and property which have been seized from the Union: and in every event, the utmost care will be observed, consistently with the objects aforesaid, to avoid any devastation, any destruction of, or interference with property, or any disturbance of peaceful citizens in any part of the country.

And I hereby command the persons composing the combinations aforesaid to disperse, and retire peaceably to their respective abodes within twenty days from this date.

Deeming that the present condition of public affairs presents an extraordinary occasion, I do hereby, in virtue of the power in me vested by the Constitution, convene both Houses of Congress. Senators and Representatives are therefore summoned to assemble at their respective chambers, at twelve o'clock, noon, on Thursday, the fourth day of July next, then and there to consider and determine such measures as, in their wisdom, the public safety and interest may seem to demand.

In witness whereof, I have hereunto set my hand, and caused the seal of the United States to be affixed.

Done at the city of Washington, this fifteenth day of April, in the year of our Lord one thousand eight hundred and sixty one, and of the Independence of the United States the eighty-fifth.

[L. S.]

ABRAHAM LINCOLN.

By the President:

WILLIAM H. SEWARD, *Secretary of State.*

(R.)

WAR DEPARTMENT,
WASHINGTON, *April* 15, 1861.

Sir—Under the act of Congress "for calling forth the militia to execute the laws of the Union, suppress insurrections, repel invasions," &c., approved February 28, 1795, I have the honor to request your Excellency to cause to be immediately detached from the militia of your State the quota designated in the table below, to serve as infantry or riflemen for the period of three months, unless sooner discharged.

Your Excellency will please communicate to me the time at or about which your quota will be expected at its rendezvous, as it will be met as soon as practicable by an officer or officers to muster it into the service and pay of the United States. At the same time the oath of fidelity to the United States will be administered to every officer and man.

The mustering officer will be instructed to receive no man under the rank of commissioned officer who is in years apparently over forty-five or under eighteen, or who is not in physical strength and vigor.

The rendezvous for your State will be at New York, Albany and Elmira.

I have the honor to be, very respectfully,
your obedient servant,
SIMON CAMERON, *Secretary of War.*

To his Excellency EDWIN D. MORGAN,
Governor of New York.

AN ACT

To authorize the embodying and equipment of a Volunteer Militia, and to provide for the Public Defence.

PASSED April 16, 1861.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

SECTION 1. The governor, lieutenant-governor, secretary of state, comptroller, attorney-general, state engineer and surveyor, and state treasurer, or a majority of them, are hereby authorized and empowered to accept the service and to cause to be enrolled and mustered into the service of the state, for two years, unless sooner discharged by the order of the said officers above named, volunteers, in their discretion as to the number, not to exceed thirty thousand men, to be officered, organized and equipped in such manner as the said officers or a majority of them may order and direct, and to be formed and organized without regard to existing military districts; the said force hereby authorized being in addition to the present military organization of the state, and a part of the militia thereof.

§ 2. The officers of such organization of volunteers shall be elected and appointed in the manner prescribed by section two of article eleven of the Constitution of the State, and commissioned by the governor, and he is hereby authorized and empowered to prescribe such rules and regulations as he may deem proper to carry out the provisions of such article of the Constitution relative to election and appointment; provided, however, that when any vacancy shall occur among such volunteers while they are absent from the State, the governor is hereby authorized and empowered to appoint and to commission the requisite officers to fill such vacancies.

§ 3. The officers and men of the said force shall receive the same pay and rations, while in service under the provisions of this act, as officers and men of the same rank and arm of service in the army of the United States, and shall be liable at all times

to be turned over to the service of the United States, on the order of the governor, as a part of the militia of this state, upon the requisition of the president of the United States.

§ 4. The officers and men of the said force, except when in actual service, shall be paid only for the time actually spent in their organization, drilling and instruction.

§ 5. The captains of the respective companies organized by virtue of this act, except when in the actual service of the general government, shall make monthly returns of the service performed by all the members thereof, to the colonel of the regiment. The said colonel shall make like returns of the service of the regiment, based upon the said company returns, and the service of the regimental officers, to the adjutant general; and the comptroller, on the certificate of the paymaster-general, shall draw his warrant upon the treasurer in favor of the respective regimental paymasters therefor; and the paymasters of the respective regiments, before entering upon the duties of their office, shall enter into a bond to the people of the state, in such sum as the governor shall direct, and with such sureties as he shall approve, to be evidenced by his indorsing his approval on such bond, conditioned for the faithful application, according to law, of all moneys he shall receive by virtue of his office; and which bond shall be filed in the office of the comptroller, and in case of breach prosecuted under his direction by the attorney-general.

§ 6. All expenditures for arms, supplies or equipments necessary for the said force shall be made under the direction of the governor, lieutenant-governor, secretary of state, comptroller, attorney-general, state engineer and surveyor, and state treasurer, or a majority of them, and the moneys therefor shall, on the certificate of the governor, be drawn from the treasury on the warrant of the comptroller, in favor of such person or persons as shall from time to time be designated by the governor.

§ 7. The force hereby created, when called into actual service, shall be subject to all the rules and articles applicable to the troops in the service of the United States, but no volunteers under this act shall be discharged from service anywhere except in the county where they were organized, unless by his or their request.

§ 8. The sum of three millions of dollars, or so much thereof as may be necessary, is hereby appropriated out of any moneys in the treasury not otherwise appropriated, to defray the expendi-

tures authorized by this act, or any other expenses of mustering the militia of this state, or any part thereof, into the service of the United States.

§ 9. There shall be imposed for the fiscal year commencing on the first day of October, one thousand eight hundred and sixty-one, a state tax for such sum as the comptroller shall deem necessary to meet the expenses hereby authorized, not to exceed two mills on each dollar of the valuation of real and personal property in this state, to be assessed, raised, levied, collected and paid in the same manner as the other state taxes are levied, assessed, collected and paid into the treasury.

§ 10. This act shall take effect immediately.

Article XI, Section 2 of the Constitution.

Militia officers shall be chosen or appointed as follows: Captains, subalterns and non-commissioned officers shall be chosen by the written votes of the members of their respective companies. Field officers of regiments and separate battalions by the written votes of the commissioned officers of the respective regiments and separate battalions; brigadier generals and brigade inspectors by the field officers of their respective brigades; major-generals, brigadier-generals and commanding officers of regiments or separate battalions, shall appoint staff officers to their respective divisions, brigades, regiments or separate battalions.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA:

A PROCLAMATION.

Whereas existing exigencies demand immediate and adequate measures for the protection of the national Constitution and the preservation of the national Union by the suppression of the insurrectionary combinations now existing in several States for opposing the laws of the Union and obstructing the execution thereof, to which end a military force in addition to that called forth by my proclamation of the fifteenth day of April in the present year, appears to be indispensably necessary:

Now, therefore, I, ABRAHAM LINCOLN, President of the United States, and Commander-in-Chief of the Army and Navy thereof, and of the Militia of the several States when called into actual service, do hereby call into the service of the United States forty-two thousand and thirty-four volunteers, to serve for the period of three years unless sooner discharged, and to be mustered into service as infantry and cavalry. The proportions of each arm and the details of enrolment and organization will be made known through the Department of War.

And I also direct that the regular army of the United States be increased by the addition of eight regiments of infantry, one regiment of cavalry, and one regiment of artillery, making altogether a maximum aggregate increase of twenty-two thousand seven hundred and fourteen, officers and enlisted men, the details of which increase will also be made known through the Department of War.

And I further direct the enlistment for not less than one or more than three years, of eighteen thousand seamen, in addition to the present force, for the naval service of the United States. The details of the enlistment and organization will be made known through the Department of the Navy.

The call for volunteers, hereby made, and the direction for the increase of the regular army, and for the enlistment of seamen

hereby given, together with the plan of organization adopted for the volunteers and for the regular forces hereby authorized will be submitted to Congress as soon as assembled.

In the meantime I earnestly invoke the co-operation of all good citizens in the measures hereby adopted, for the effectual suppression of unlawful violence, for the impartial enforcement of constitutional laws, and for the speediest possible restoration of peace and order, and, with these, of happiness and prosperity throughout the country.

In testimony whereof, I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the city of Washington, this third day of May, in the year of our Lord one thousand eight hundred
[L. S.] and sixty-one, and of the Independence of the United States the eighty-fifth.

ABRAHAM LINCOLN.

By the President:

WILLIAM H. SEWARD, *Secretary of State.*
